Dear Ms Holms,

MARINE (SCOTLAND) ACT 2010, PART 4 MARINE LICENSING

Aberdeen Harbour Board - Aberdeen Harbour Expansion Project - Nigg Bay, Aberdeen

I refer to your email dated 29 July 2021 requesting a revision to licence number 07161/20/0.

I am pleased to inform you that the licensing authority has no objections to the issue of a varied licence and I therefore enclose licence number MS-00009524. You are advised to carefully check the licence and schedule documents, and if there are any errors you should contact myself immediately.

Please note that this licence supersedes your previous marine licence (licence number 07161/20/0). Should you proceed to undertake the Licensed Activity under the authority of this licence, the licensed activity authorised under the previous marine licence is not permitted.

I would also draw your attention to the licence conditions relating to amendment of the licence or schedule documents. If circumstances arise which necessitate changes to your licence you should advise the licensing authority as soon as possible. After a licence has expired, it cannot be amended or extended in any way, and a new licence application (accompanied by the relevant fee) is required. Processing the new application may take up to fourteen weeks from the date of receipt of the application fee.

All correspondence or communications relating to this letter or the licence document should be sent to the address below.

Yours sincerely

Jacqui Cameron
